## **TIE Kinetix e-Invoicing Solution Selected by Moonen to Automate Invoice Processing and Deliver Cost Savings**

*Paperless invoicing allows complete electronic invoice delivery between Moonen's customers and suppliers*

BURLINGTON, Mass. (September 5<sup>th</sup>, 2008) —TIE Commerce, Inc., a leading provider of Business-to-Business eCommerce software, announced today that PackageGroup Moonen B.V. has selected the TIE Kinetix e-Invoicing solution. PackageGroup Moonen B.V. currently serves over 12,000 customers with only 30% of their invoices sent electronically via Electronic Data Interchange (EDI) with TIE's Messaging Portal application. By adding the TIE Kinetix e-Invoicing solution, Moonen will be able to grow to 100% paperless invoicing by enhancing account activity and removing manual processing for more cost effective, reliable and accelerated invoicing.

*"Today Moonen has significant printing, envelope and postal costs due to the 45,000 paper based customer invoices that are produced. Thanks to the TIE Kinetix e-Invoice solution we are able to convert these paper based processes into an automated process based on digitally signed PDF, e-mail and archiving",* says Hai Schrivvers, Financial Director, PackageGroup Moonen B.V.

Moonen will also deploy the TIE Kinetix e-Invoicing solution to handle the invoices they receive from over 300 suppliers. Moonen collects about 14,000 paper based invoices per year resulting in time consuming data entry efforts in the accounts payable department parallel to a paper based approval flow. By choosing the TIE Kinetix e-Invoicing solution, Moonen can digitalize the complete process of booking and approving the purchase invoices using scanning and web based workflow techniques.

With the TIE Kinetix e-Invoice software, Moonen will be able to save time and streamline the order-to-pay cycle.

*"For more than 20 years TIE has been providing customers with solutions to connect applications and processes with their external trading partners. The recently launched TIE*

*Kinetix e-Invoicing solution to meet the growing demand of our customers for paperless invoicing” says Brian Tervo, CEO of TIE Commerce.*
